LOFA™
MC6LC

MECHANICALLY GOVERNED DIESEL ENGINES

HIGHLIGHTS

- Compact engine control instrument for diesel engine monitoring
- Bright LED illuminated symbols monitor battery charge, low oil pressure, high temperature, air filter restriction and two additional contact closure inputs
- The solid-state design incorporates alternator excitation and is wiring plug compatible with the MC6K
- Packaged in a durable housing that fits standard 2” panel openings. This includes U-clamp (6.3mm) spade terminals simplifying plug-and-play installation and making the MC6LC an ideal choice for dash mounted environments
- The MC6LC wired to a key switch and an engine wiring harness provides a complete engine monitoring system for mechanically governed engines

FEATURES

- Engine monitoring for battery charge, low oil pressure, high temperature, air filter restriction, and two additional contact closure inputs
- Extremely compact design fits most every mobile equipment application
- Ultra bright LED illuminated symbols are highly visible in direct sunlight
- Heavy-duty aluminum enclosure designed to withstand extreme industrial applications (IP63 spray resistant from the instrument face.)
- Simple plug-and-play modular design provides allows for rapid equipment completion 12 V and 24 V operation
- Operating temperature: -20° to 185° F (-30° to 85° C)
- Two-year limited warranty
